Reimbursement Form

For the current year, funding is available to each student in the amount of $800.00 for Traditional Home School and up to $1300.00 for Individual Home Learning. This money is pro rated based on the number of classes you take with NSA.

NSA can not give parents money, that amount would be considered by Revenue Canada to be income received by the parents and it would be taxable. Instead, **NSA** either buys the resources directly (via a purchase order) or reimburses the parents for purchasing the resources on **NSA's** behalf.
